the Delaware Sand and Gravel Site.

Dear Mr. Stillman:

We are in receipt of both your letter dated June 13, 1988 and Mr. Stephen R. Wassersug's letter dated June 24, 1988 which were directed to Mr. Thomas J. Bicket, President of Witco Corporation. Please remit all further correspondence to the respondent for Witco Corporation:

In accordance with your request, we have conducted a search of our files to locate all documents and information relevant to the above referenced site. Unfortunately, our corporate retention policy designates the destruction of records at predesignated intervals. Accordingly, all records prior to 1980 were destroyed. Since the site in question was closed in 1976, any records predating that time period have likewise been destroyed.

To further facilitate this investigation, Henry Bikofsky of our Safety, Health and Environment Affairs Department and Barbara Scudillo, Supervisor of our Accounts Payable Department have noted that a vendor number was assigned to Stanley J. Twardus & Sons. This vendor number was charged with the issuance of 12 vouchers in 1976 (copy attached). As was stated previously, these vouchers were destroyed according to our corporate record retention policy. No further details or documents are available.
